Biochemistry and Biotechnology Society

Department of Biochemistry and Biotechnology
The Women University Multan, Multan

1. Overview

The Biochemistry and Biotechnology Society is an academic and student-focused society of the Department of Biochemistry and Biotechnology, The Women University Multan. It provides a platform for students and alumni to participate in academic enrichment, research activities, seminars, workshops, educational visits, and scientific awareness initiatives. The society is intended to enhance students' practical knowledge, encourage scientific curiosity, and strengthen the connection between academic learning and real-world applications of biochemistry and biotechnology.

2. Motto

"Nurturing the Scientific Leaders and Entrepreneurs"

3. Aims and Objectives

- Promote awareness and understanding of biochemistry, medicine and health sciences, agriculture and health biotechnology, and nanotechnology.
- Foster academic excellence, scientific curiosity, and professional development among students of the Department of Biochemistry and Biotechnology.
- Build a collaborative platform for students and faculty to engage in research and co-curricular activities.
- Organize seminars, lectures, and workshops by experts in biochemistry, biotechnology, and related fields.
- Arrange educational trips to research laboratories, biotechnology industries, academic institutions, and other relevant organizations to enhance practical knowledge and exposure to real-world applications.
- Conduct student-led projects, exhibitions, and awareness campaigns.
- Celebrate important days such as Earth Day, World Water Day, Biotechnology Day, International Day of Women and Girls in Science, and other scientific events.
- Publish newsletters, magazines, or blogs to share scientific content and society activities.
- Develop leadership and personal-management skills among students.
- Coordinate with the university administration to improve departmental activities.

4. Activities

The society is designed to support a range of academic, research, professional, and community-engagement activities, including seminars, workshops, expert lectures, field and educational trips, research-based activities, student projects, exhibitions, scientific awareness campaigns, publications, celebrations of important scientific days, and wildlife conservation awareness.

5. Membership

Membership is open to all current students and alumni of the Department of Biochemistry and Biotechnology, WUM, without any registration fee. The society may raise its own funds and, where required, may seek financial support from the university.

Student Representation

Category	Representation
BS	Students from BS Biochemistry and Biotechnology
MS	Students from MS Biochemistry and Biotechnology
PhD	Students from PhD Biochemistry and Biotechnology
Alumni	Alumni of Biochemistry and Biotechnology

6. Society Structure

Position	Eligibility / Office
Patron-in-Chief	Vice Chancellor, The Women University Multan
Patron	Dean, Faculty of Life Sciences, The Women University Multan
Advisor	Chairperson, Department of Biochemistry and Biotechnology
President	One student from PhD
General Secretary	One student from MS
Vice President	One student from MS
Finance Secretary	One student from BS
Joint Secretary	One student from BS
Information Secretary	One student from BS
Executive Members	Maximum six students from the department (current students and alumni)

7. Advisory Committee

The Chairperson of the Department of Biochemistry and Biotechnology serves as Convener, while all faculty members of the department serve as members of the Advisory Committee.

8. Society Council

The Society Council consists of the President, General Secretary, Vice President, Finance Secretary, Joint Secretary, Information Secretary, and Executive Members. The tenure of the council is one complete year, from 1 January to 31 December. A new council is selected from eligible members of the Department of Biochemistry and Biotechnology under the umbrella of the Advisory Committee. The council has general charge of the affairs of the society and may appoint other members for specific tasks.

9. Responsibilities of Council Members

Position	Main Responsibility
President	Look after all affairs of the Biochemistry and Biotechnology Society, WUM.
General Secretary	Manage membership records, correspondence, notices, and circulation of the society.
Vice President	Assist the President and act as President in the President's absence.
Finance Secretary	Keep exact records of all finances of the society.
Joint Secretary	Keep the record of meeting minutes and work in coordination with the General Secretary.
Information Secretary	Highlight society activities through social, electronic, and print media on the recommendation of the council.
Executive Members	Raise funds for managing society events and support students regarding opportunities to participate in diverse activities.
Advisor	Look after all matters of the society.

10. Purpose of the Society

The proposal describes the main purpose of the society as enhancing the quality of education, introducing students to emerging concepts in biochemistry and biotechnology, and enabling them to meet the requirements of the modern era.
